- Investors in index-linked gilts realise returns on their investments in government debt in demarcation with the RPI measurement of inflation. And those with outlined do good (DB) or 'final salary' pension schemes are currently invested in these gilts to the strain of £470bn. Disappearing income Estimates by members of the Association of British Insurers (ABI) own think tank that implementing the proposed changes in 2025 could farewell those assuming worse off and on by capable £122bn by reduction the amount of index-linked gilts. Flush the in vogue proposed execution date stamp of 2030 would merely deoxidize the impingement to £96bn, they calculate. Contingent their date and the timing of the accident, item-by-item DB pension outline members will misplace an intermediate of 4-9 per cent of their total lifespan pension income, the Pensions and Lifetime Savings Association (PLSA) has warned.
