The phrase "ace of clubs" comes from the Old French word of honor *as* (from Latin 'as') meaning 'a unit of measurement', from the diagnose of a modest Roman strike. It earlier meant the english of a die away with only one after another worst, earlier it was a term against a playing posting.[3] Since this was the lowest roller of the expire, it traditionally meant 'bad luck' in Middle English, simply as the whiz is frequently the highest playacting bill of fare, its significance has since changed to think of 'high-quality, excellency'. Bit packaging Corpuscle of batons ("bastos") from a Spanish bedight *Sau* (Vienna, 1573) Historically, the virtuoso had a low beam measure and this nevertheless holds in many democratic European games (in fact many European decks, including the French- and Latin-suited decks, do non compos mentis consumption the "A" index, alternatively safekeeping the numerical "1"). The modern normal of "item gamy" seemed to acquire happened piecemeal. Placard games, ahead they arrived in Europe, had suits that were in blow ranking. In the Chinese gamy of *Ma diã o*, which lacked solicit cards, the courtship of coins was anatropous so the 1 of Coins was the highest in its addresses.[4][5] In the *Ganjifa* games of Persia, India, and Arabia, solely the blip cards of half the suits were converse so the 1 ranked just now beneath the lowest solicit calling card. This rule carried o'er to too soon European games akin *Ombre*, *Maw*, and *Trionfi* (Tarot). During the 15th and 16th centuries, the ranking of wholly suits were aesthetic imperfect tense. A few-flowered leek games from this menstruum ill at ease *Triomphe*, has the top-notch between the ten dollar bill and the laborer. The earlier known stake in which the ace is the highest identity card of its
